

## Corporate Engagement Report | Q4 2022 Contributions Update

This update, covering the period of January 1, 2022 - December 31, 2022, includes direct and indirect contributions to 501(c)(4) organizations, as well as payments to 501(c)(6) trade organization that exceeded \$25,000. We also included an evaluation of the pertinent alignment, if any, between those organizations and FirstEnergy's climate position and strategy. Employees occasionally serve as FirstEnergy representatives with respect to various 501(c)(6) organizations. Unless otherwise reportable, the time that they volunteer is not generally included in this report.

\*Denotes organizations to which contributions began in Q4 or where the amount of contributions have been updated.

(Jan. 1-Dec. 31, 2022)

Organization	Contribution
--------------	--------------

<b>NAACP*</b>	<b>\$2,000</b>
---------------	----------------

**Description:** NAACP was established to eliminate social injustice and build an inclusive community rooted in liberation where all persons can exercise their civil and human rights without discrimination.

**Position on Climate:** The NAACP is committed to reduce harmful emissions, particularly greenhouse gases while advancing clean energy and energy efficiency.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Aligned

<b>National Board of Boiler and Pressure Vessel Inspectors</b>	<b>\$26</b>
--	-------------

**Description:** The National Board's mission is to reduce the risk to life and property by promoting safety in the construction, installation, inspection, operation, over-pressure protection, and repair and alteration of boilers, pressure vessels, and other pressure-retaining items.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

<b>National Association of Regulatory Utility Commissioners (NARUC)*</b>	<b>\$9,464</b>
--	----------------

**Description:** NARUC is a non-profit organization dedicated to representing the state public service commissions that regulate the utilities that provide essential services such as energy, telecommunications, power, water and transportation. NARUC declares its policies and positions through the resolutions it adopts.

**Position on Climate:** NARUC has adopted various positions related to climate, including encouraging state regulators, state and local government entities, power generators, and others to consider, where appropriate and/or cost-effective, the benefits provided by low- or no-carbon technologies, including mitigation measures and energy efficiency.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Partially aligned

# 501(c)(6) CONTRIBUTIONS

Organization (Jan. 1-Dec. 31, 2022) Contribution

**American Coal Ash Association, Inc.\*** \$30,000

**Description:** American Coal Ash Association's mission to advance the management and use of coal combustion products in ways that are environmentally responsible, technically sound, commercially competitive and supportive of a more sustainable community.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:** *Not applicable*

**Associated Penna Constructors\*** \$74,588

**Description:** APC is a trade association consisting of more than 400 members that include contractors, consulting engineers, material suppliers, manufacturers, and others with an interest in Pennsylvania's road and bridge construction industry.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:** *Not applicable*

**Alliance for Transportation Electrification\*** \$25,000

**Description:** Alliance for Transportation Electrification is a nonprofit trade association uniting a broad coalition of utilities, manufacturers, electric vehicle supply equipment vendors, engineering firms and others to promote electric vehicles in state-level policy across North America.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:** *Not applicable*

**Chamber of Commerce of the United States of America\*** \$200,000

**Description:** The Chamber of Commerce of the United States of America has advocated for policies that help businesses create jobs and grow our economy. Inform members with timely policy analysis and legal advice, connect them with leaders in business and government through world-class events and intimate gatherings, and equip them with tools and resources to help them succeed.

**Position on Climate:** The U.S. Chamber believes that there is much common ground on which all sides of the Climate change discussion could come together to address climate change with policies that are practical, flexible, predictable, and durable. They

Organization (Jan. 1-Dec. 31, 2022) Contribution

believe in a policy approach that acknowledges the costs of action and inaction and the competitiveness of the U.S. economy.

**Alignment with FirstEnergy's Climate Goals & Strategy:** Aligned

**Edison Electric Institute (EEI)\*** \$2,183,222

**Description:** EEI is the industry association that represents all U.S. investor-owned electric companies. Organized in 1933, EEI provides public policy leadership, strategic business intelligence, and essential conferences and forums.

**Position on Climate:** EEI recognizes that global climate change presents one of the biggest energy and environmental policy challenges the United States has ever faced. EEI believes that policies to address climate change should seek to minimize impacts on consumers and avoid harm to U.S. industry and the economy. In addition, EEI has stated its support of the Biden Administration's executive order on climate.

**Alignment with FirstEnergy's Climate Goals & Strategy:** Aligned

**Electric Utility Industry Sustainable Supply Chain Alliance (EUISSCA)** \$25,000

**Description:** The EUISSCA addresses common questions and challenges regarding sustainability and becoming "more green." The Alliance leads the industry in enhancing and promoting supply chain sustainable practices across utilities and suppliers. Its activities aim to improve the sustainability of the products and services utilities buy and use, as well as the performance of suppliers and supply chain operations.

**Position on Climate:** *Not applicable*

\*Denotes organizations to which contributions began in Q4 or where the amount of contributions have been updated.

(Jan. 1-Dec. 31, 2022)  
**Organization** **Contribution**

**Energy Association of Pennsylvania (EAP)\*** **\$309,778**

**Description:** EAP is a trade association that represents and promotes the interests of regulated electric and natural gas distribution companies operating in Pennsylvania. EAP is an advocate for its members on policy issues before the Pennsylvania General Assembly, the Public Utility Commission and various other state governmental agencies.

**Position on Climate:** The EAP has not issued formal policy positions on topics like climate change. As a trade association representing both electric and natural gas distribution utilities, not electric generators, the EAP is focused on routine topics affecting the distribution companies, such as workforce safety, cost recovery, electric affordability, ratemaking, service reliability and infrastructure investments.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Partially aligned

**Greater Akron Chamber of Commerce\*** **\$265,035**

**Description:** The Greater Akron Chamber drives economic growth and prosperity for Greater Akron by supporting the success of the business community and acting as a convener of stakeholders on key issues facing the region.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

**Greater New Castle Chamber of Commerce\*** **\$25,000**

**Description:** The Chamber plays a major role in representing the interest of the membership. An extensive communication network had been developed to keep open lines of communication with all branches of local, state, and federal government.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

**New Jersey Broadcasters Association (NJBA)** **\$180,000**

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

(Jan. 1-Dec. 31, 2022)  
**Organization** **Contribution**

**New Jersey Chamber of Commerce Foundation\*** **\$40,674**

**Description:** The New Jersey Chamber of Commerce's promotes pro-growth legislation and reforms that are in the interest of their members and the economy.

**Position on Climate:** N.J. Chamber of Commerce does not have a stated climate policy, but are actively involved in the support of New Jersey clean energy projects, including off-shore wind and electric vehicle adoption. They also echo the sentiment of transitioning to low carbon energy while remaining affordable and reliable.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Aligned

**New Jersey Utilities Association, Inc. (NJUA)\*** **\$87,814**

**Description:** NJUA is the statewide trade association for investor owned utilities. NJUA has provided a forum for the exchange of ideas and unified voice in the public policy arena for its members since 1915.

**Position on Climate:** NJUA does not have a stated climate policy, but it has been supportive of the deployment of renewable energy, energy efficiency programs, and electric vehicles and associated charging infrastructure. NJUA has also expressed public support for Governor Murphy's Energy Master Plan, which establishes a broad spectrum of aggressive goals to facilitate reduction of greenhouse gas emissions. The plan has a primary goal of 100% clean energy by 2050.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Partially aligned

**North American Electric Reliability Corp. (NERC)\*** **\$296,843**

**Description:** NERC is a not-for-profit international regulatory authority whose mission is to assure the effective and efficient reduction of risks to the reliability and security of the grid.

**Position on Climate:** NERC understands that the shift to a low carbon future requires a reliable and safe energy grid. NERC established the "Reliability Impacts of Climate Change Task Force" to assess the reliability consideration of climate initiatives, and to ensure a smooth transition to a low carbon future.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Partially aligned

\*Denotes organizations to which contributions began in Q4 or where the amount of contributions have been updated.

Organization (Jan. 1-Dec. 31, 2022)  
Contribution

**North American Transmission Forum\*** \$334,453

**Description:** The North American Transmission Forum (NATF) is built on the principle that the open and candid exchange of information among its members is the key to improving the reliability of the transmission systems in the U.S. and Canada.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

**Northeast Ohio CyberConsortium (NEOCC)\*** \$30,000

**Description:** NEOCC's mission is to build an active, trusted network of public and private organizations across industries to enhance cybersecurity resilience and response, better protect digital and physical assets, create safer and stronger communities, and advance the technology leadership of Northeastern Ohio.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

**Ohio Chamber of Commerce\*** \$25,000

**Description:** As the state's leading business advocate and resource, the Ohio Chamber of Commerce aggressively champions free enterprise, economic competitiveness and growth for the benefit of all Ohioans.

**Position on Climate:** The Ohio Chamber of Commerce does have a stated climate policy, but as outlined in their advocacy priorities, they support comprehensive reforms to Ohio's energy policy that both balances a diverse portfolio of energy sources and provides for reliable, affordable sources of energy. This will help support FirstEnergy's carbon neutrality goals.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Partially aligned

**Ohio Utilities Protection Service (OUPS)\*** \$473,684

**Description:** OUPS is the utility locator service in Ohio.

**Position on Climate:** *Not applicable*

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

Organization (Jan. 1-Dec. 31, 2022)  
Contribution

**Pennsylvania Chamber of Business & Industry\*** \$268,500

**Description:** The Pennsylvania Chamber of Commerce takes action to influence public policy and works to ensure that the concerns of its members are heard by the state's lawmakers. The Chamber promotes pro-business legislation and combats anti-business legislation with one goal in mind: improving the business climate for Pennsylvania's job creators.

**Position on Climate:** The Chamber supports efforts in Pennsylvania which balance societal, environmental, energy and economic objectives; fit rationally within national or international strategies; and capitalize on the availability of Pennsylvania's diverse natural resources to facilitate economic development in the Commonwealth. The Chamber believes human activity is a major contributing factor to our changing climate and recognizes that climate change presents significant challenges to Pennsylvania and the United States. It also believes addressing this challenge will necessarily involve private sector development of innovative solutions, practices and technologies.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Partially aligned

**Pennsylvania One Call System, Inc.\*** \$355,908

**Description:** Pennsylvania One Call System is the utility locator service in Pennsylvania.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
*Not applicable*

	(Jan. 1-Dec. 31, 2022)
<b>Organization</b>	<b>Contribution</b>

<b>West Virginia Chamber of Commerce*</b>	<b>\$31,315</b>
---	-----------------

**Description:** The mission of the West Virginia Chamber of Commerce is to make West Virginia a better place to do business by giving private sector employers a voice in state politics and protecting business interests before regulatory bodies, the Legislature and the courts.

**Position on Climate:** West Virginia economic development groups and officials – from the local level to the federal level – must send clear and unambiguous signals to potential investors that West Virginia is welcoming of all types of energy investment. Affordable abundant, and reliable energy resources are critical to the state's future economy. These resources can be the catalyst that unlocks the full potential of that economy.

**Alignment with FirstEnergy's Climate Goals & Strategy:**  
Partially aligned
